DEVELOPMENT DEPARTMENT.

G.O.Ms.No.3511. Dated 6th September 1950.
Read:

From the Director of Control of Commodities, No.ISC. 35828/E1/50 dated 24.3.50.
From the Chief Engineer, Public Works Department (General) No.2201 ac/50-1 dated 17.5.50.
From the Director of Control of Commodities, No.D.Dis. IS.C.35828/50-508 dated 9.6.50.

ORDER:

In G.O.Ms.No.5872 Development dated 27.11.48 now above the Government ordered that no iron and steel and ~~cement~~ cement should be released for 'luxury' types of constructions and non-essential structures such as cinemas, dance halls, studios, amusement concerns, etc. Subsequently, in G.O.Ms.No.5151 Development dated 24.10.49 the Government fixed the order of priority for releasing iron and steel for private constructions and ordered that the quantity of iron and steel to be so released should be restricted to 3 tons for each residential building. The Director of Controlled Commodities and the Chief Engineer, Public Works Department (General) have submitted proposals for defining luxury types of construction. The Government have examined these proposals and direct that all residential buildings of whatever class, the plinth area of which exceeds 3,000 square feet or the floor area exceeds 6,000 square feet, and all non-residential buildings the plinth area of which exceeds 5,000 square feet or the floor area exceeds 10,000 square feet should be considered as 'luxury' types of construction and that no iron and steel should be released for the construction of such buildings.

2. Separate orders will issue in regard to cement.

(By Order of His Excellency the Governor)

P.S. VISWANATHA IYER,
Secretary to Government.
